Dear Mr. Flint:

The two boxes containing medals arrived yesterday, and we have had much pleasure looking through your collection, and are very glad to keep thirty-seven of the pieces. We greatly appreciate your sending them up to us. We are especially interested in the Russian medals, all of which we have retained and are most happy to add them to our Museum's Collection.

The package is now ready to be returned at any time that your chauffeur has an opportunity to call for them.

Again thanking you very sincerely for your thought,

Very truly yours,

Curator
